Declaration Under 37 C.F.R. §1.131

Sir:

I, the inventor of the invention described and claimed in the above-identified patent application, declare as follows:

1. I conceived the invention at least as early as August, 2001. This was before the publication date of May 22, 2002 for European Patent No. EP 1207591. Attached as Exhibit A is a copy of an Invention Disclosure Forms which describes the invention and shows the invention in the drawings of the Invention Disclosure Form.

Based upon information and belief, it is believed that the invention of the present patent application occurred prior to the publication date of EP 1207591. Therefore, it is believed that EP 1207591 is not prior art.

I/We hereby declare that all statements made herein of my/our own knowledge are true and that all statements made

on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
